

UPGRADE 1.2

 KBA-MetalPrint

Optimized Feeder Suction Head

METALSTAR 1 with zirconium feeder
Increase quality and productivity!

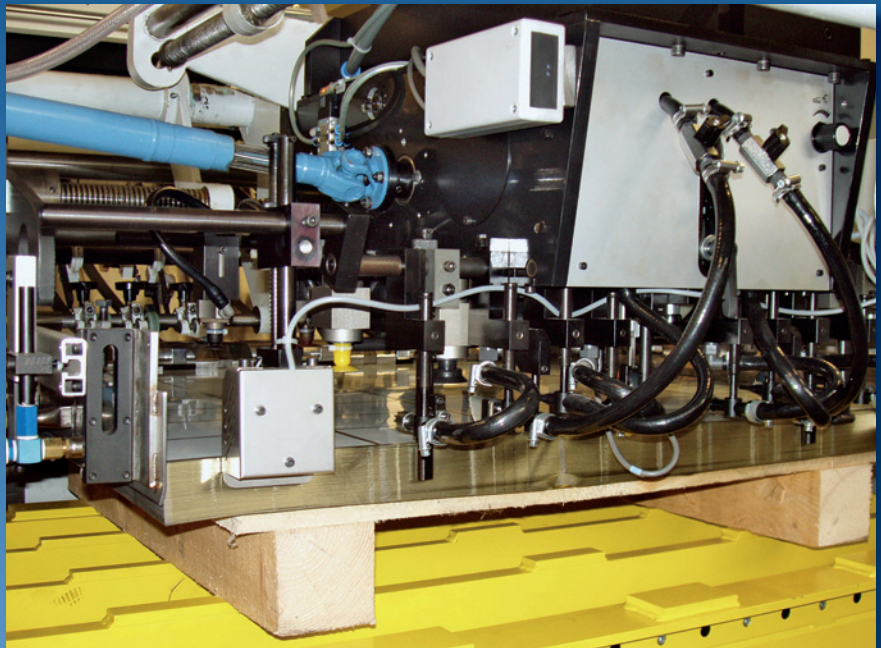

The Advantages

- Increased production speed
- Greater sheet feeding accuracy
- Greatly improved sheet movement

Your Benefit

- Higher productivity
- Higher quality and hence satisfied customers
- Minimization of sheet spoilage

The optimized suction head allows higher printing speed combined with more accurate feeder sheet guidance, resulting in higher productivity and lower spoilage.

Depending on the technical configuration of your equipment, we can offer a comprehensive consultancy service which will include supplying you with a quotation specifically tailored to your needs.
