

UPGRADE 2.3

 KBA-MetalPrint

Pneumatic Rear Edge Sheet Guide

METALWING and METALSTAR 1
Combine quality and productivity!

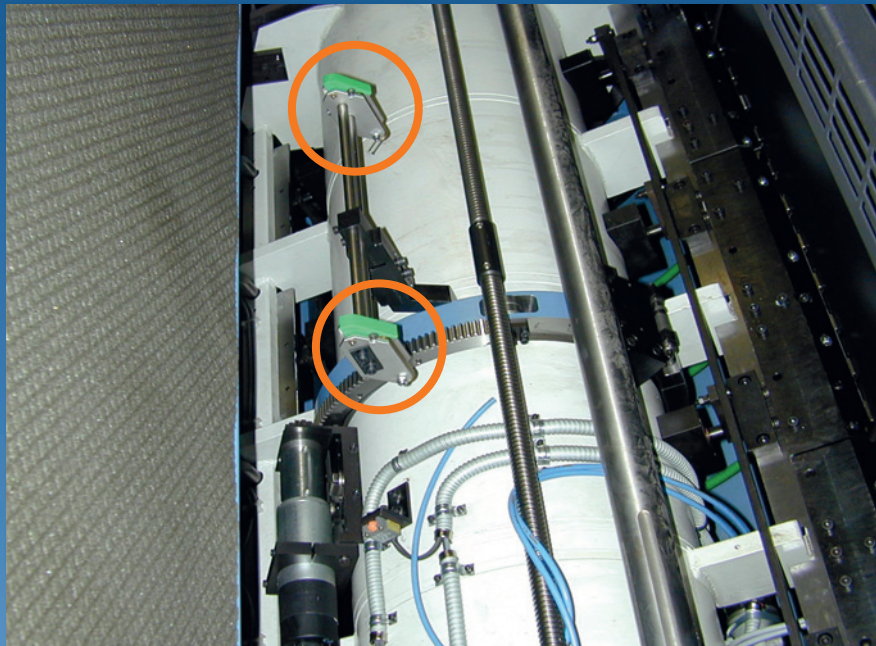

The Advantages

- Optimized transfer drum sheet guide
- Rear edge sheet whipping and uncontrolled contact with the leading colour cylinders is eliminated

Your Benefit

- Higher production speed
- Improved quality and reduced spoilage

The whipping of the rear edge of the sheet is avoided by the sheet guide in the transfer drum resulting in higher printing speed and quality combined with reduced spoilage.

Depending on the technical configuration of your equipment, we can offer a comprehensive consultancy service which will include supplying you with a quotation specifically tailored to your needs.

Please feel free to contact us at any time!
