

Scroll side guides

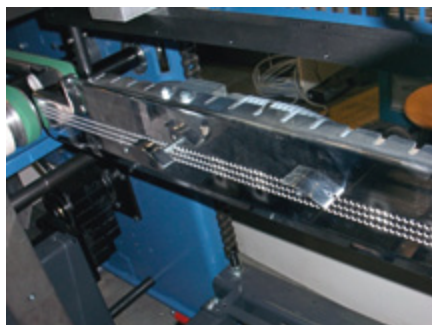

For type 4050 and 780 feeders

Optimise your feeding operations!

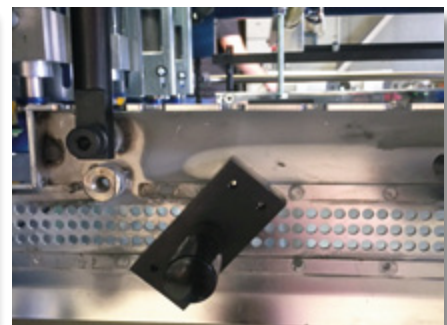

The new side guides for scroll sheets allow free positioning of separator fingers and magnets to spread the pile of sheets. This allows optimum adjustment of the feeder to different types of sheet metal.

This upgrade is suitable for all type 4050 and 780 feeders.

The advantages	Your benefit
<ul style="list-style-type: none"> Reduces catching of the scroll cutouts 	<ul style="list-style-type: none"> Less waste
<ul style="list-style-type: none"> Individual adjustment 	<ul style="list-style-type: none"> Greater flexibility
<ul style="list-style-type: none"> Fewer jams 	<ul style="list-style-type: none"> Higher production speed possible
