we're on it.

## Upgrade 1.6

# Compressed Air Gun with Flat Nozzle – Air On, Downtime Off!

With the innovative hardware upgrades from Koenig & Bauer, your equipment stays up to date enabling metal decoration at the highest level.

### Perfect sheet separation – less downtime, more output!

Are sticking metal sheets or unclear sheet separation slowing down your production? Our new compressed air gun upgrade with a special flat nozzle ensures reliable separation, even for demanding materials. **Reduce downtime and boost your production speed!**

### Your benefits at a glance

- **Minimised downtime:**  
Efficient sheet separation for a smooth production process
- **Increased productivity:**  
Fewer interruptions mean more produced metal sheets
- **Optimal quality:**  
Clean separation for flawless sheet handling
- **Easy integration:**  
Quick and hassle-free installation into your existing system

### How it works – simple & effective:

- **Plug & Play:**  
Connect the air gun to the compressed air network, attach the mounting plate to the feeder – set to go
- **Easy to use:**  
Easily fan out the stack before or during production as needed – simply with the push of a button

**Upgrade now and maximise your productivity!**

We would be pleased to send you an individual offer quoting an attractive price.
